Here you can swim, sail, surf, fish, ride horses, ride a bike or go on extensive natural hikes and guided moor excursions. In the summer, hundreds of sailors are on the water; in the winter, ice sailors can be spotted on the lake. In recent years, the largest lake in northwest Germany has become the center for kite surfers.

Swimmers and water sports enthusiasts enjoy the water, which has a pleasant temperature due to the lake's shallow depth. But not only water sports enthusiasts get their money's worth here – you can take a bike or hike around the lake or along the promenades.

Romantic or athletic? With your own kayak or canoe you can explore the lake in a unique way.

### You are the captain

You can rent pedal boats, rowing boats, electric boats and sailing boats from various boat rentals. Experience Lake Steinhuder Meer from the captain's point of view. Of course, you can also bring your own canoe or kayak. The deployment sites are located in Mardorf at Warteweg (Youth Hostel), at DKV Heim (DKV road), at the beach (Strandweg) and at the Neue Moorhütte. On the south shore, the deployment points are located at the Strandterrassen, on the Beach Island (Badeinsel) and on the canal in Hagenburg. ## Active on the water

The water activities on Lake Steinhuder Meer are very popular. Enjoy the excellent bathing conditions on the Beach Island (Badeinsel) in Steinhude or on the beach in Mardorf called Weiße Düne. Whether standing upwind on a surfboard, sailing over the waves in a dinghy cruiser or as a guest on board one of the passenger ships – there are no limits to the activities on the water.

### Mecca for surfers

Over the years, Mardorf's kite and surf beach on north shore has developed into a popular meeting place for surfers. Starting here, almost the entire lake can be used during the summer season. Experience a spectacle that also beginners can learn in a kite school on site, by the way.

### SUP – Stand-up-Paddling

On Lake Steinhuder Meer the surfboard is used even when there is no wind. Necessity is the mother of invention and maybe that's the reason you see more and more surfers with a big paddle on a long board gliding over the water. This new trend from Hawaii is called „stand-up paddling“, or SUP. Even if the first attempts to stand may be a bit shaky, SUP can be learned very quickly and is great for anyone who is not afraid of the water and has some body control. Standing upright, legs at hip width while bending your knees a little and pulling the paddle backwards in the water and forwards above the water – this is how you can easily and comfortably “walk on water”.

### Pure sailing pleasure

Lake Steinhuder Meer is one of the most traditional sailing areas in Germany. Several hundred of the approximately 3,300 boats on the north and south shores, are out on the water on pleasant days - a fantastic sight. For water sports enthusiasts, the lake is navigable from mid-March to the end of October; In the off-season, nature conservation has priority according to the winter navigation ban. A small „white industry“ around sailing has developed over the years, therefore sailors can find all sorts of trade and services concerning sailing, ranging from jetty operators to water sports stores, boat rentals and sailing schools. Guests can bring their own boat and moor it at one of the guest jetties during their vacation or rent a suitable boat by hour or day from a local boat rental.

### A blue wonder!

For some, it is about the experience to pick delicious blueberries in beautiful nature, or showing their kids where blueberries grow and how healthy they are. For others, it is the low price of the harvest that matters. No matter the reason, you will not get your blueberries anywhere fresher than picking them yourself from the bush. The nature experience of picking your own berries is the best way to take home fresh berries at a fair price. There are two plantations in Nature Park Lake Steinhuder Meer, where you can harvest the delicious berries or enjoy the berry products.

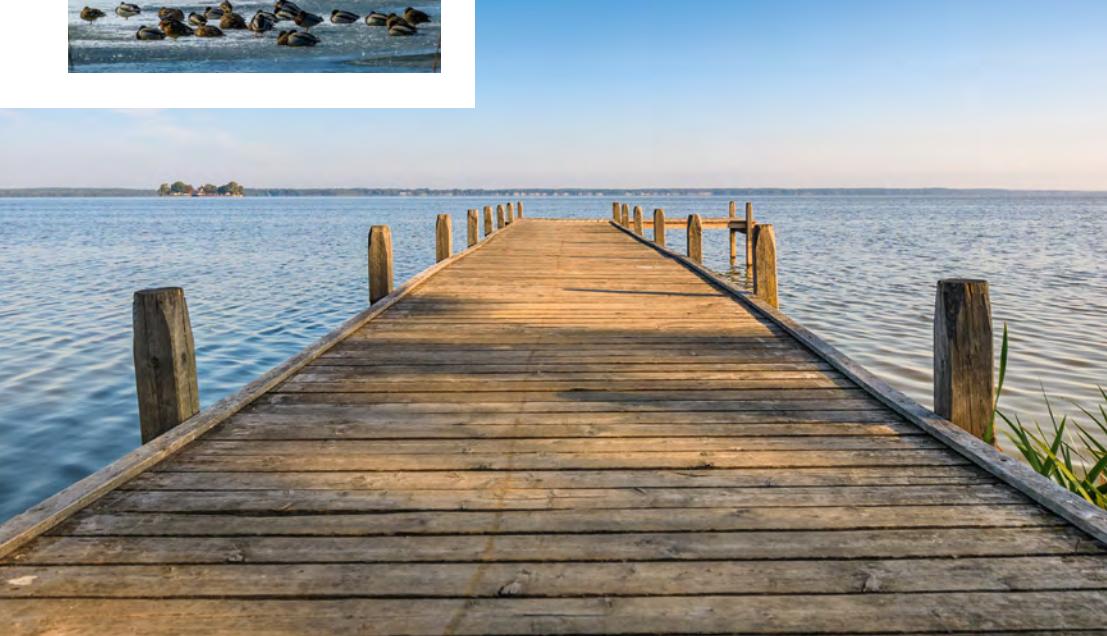

## Getting away!

There is a lot to discover at Lake Steinhuder Meer – for families and friends, soccer teams or study groups, group activities are fun for all ages! You can experience special moments, participate in interesting guided tours and have encounters worth talking about at home.
